PROFESSIONAL SUMMARY

Software Engineer and Unity/C# Developer with experience building interactive applications, educational software, e-learning content, games, AR/VR experiences, museum and exhibition displays, and cross-platform Unity products. Former Technical Director at Prime Press Egypt, where I helped develop and deliver digital educational products, interactive activities, games, tools, and Virtual Learning Environment services used by more than 1000 schools and 500k students/teachers across Greece, Latin America, Egypt, and the Middle East. Strong background in ActionScript/Adobe Animate, Moodle/LMS administration, multimedia learning, UI systems, technical leadership, and real-world product delivery.

CORE SKILLS

Unity 3D, C#, Game Development, Game Programming, Game UI/UX Design, AR/VR, Meta Quest, Interactive Media, E-Learning Development, Moodle/LMS Administration, Accessibility, Mobile Applications, Touch-Screen Experiences, Interactive Museum & Exhibition Apps, 3D Maps, JSON/API Integration, Remote Content Updates, Scene Management, Performance Optimization, ActionScript 3, Adobe AIR, Adobe Animate, HTML5, CSS, JavaScript, WordPress, SuiteCRM, PHP Basics, Windows Server, IT Operations, Troubleshooting, Project Management, Product Management, Design Thinking, Lean Startup.

PROFESSIONAL EXPERIENCE

Software Engineer / Unity Developer | *Freelance / Self-Employed*

Jan 2023 - Present | Remote, Egypt

- Develop cross-platform Unity applications for Windows, Android, iOS, WebGL, macOS, Meta Quest, and interactive touch-screen setups.
- Build interactive museum/exhibition experiences, 3D maps, multimedia galleries, video players, UI systems, content navigation, and remote content update workflows.
- Create custom Unity tools, UI animations, JSON/API-driven content systems, optimized scene structures, and maintainable project architecture.
- Design and prototype gameplay systems, level editors, puzzle mechanics, 3D UI components, and mobile-controlled screen experiences.
- Support clients with technical planning, platform deployment, performance optimization, and production-ready delivery.

Technical Director | Software Engineer | *Prime Press Egypt*

Jun 2017 - Dec 2022 | Cairo, Egypt

- Managed technical procedures including design planning, estimation, asset preparation, development workflow, and final production support.
- Led technical decisions across multiple digital education projects, interactive learning tools, games, e-content, and multimedia products.
- Led a team through the digitization of a large number of printed books into interactive digital learning content.
- Developed interactive activities, e-content, educational games, classroom tools, teacher tools, phonics content, story-based learning, exercises, and puzzle/game experiences.
- Delivered training and oversaw Virtual Learning Environment service implementation for clients in Greece, Latin America, Egypt, and the Middle East.
- Contributed to educational products serving more than 1000 schools and more than 500k students/teachers.
- Evaluated new technologies and tools to improve production quality, innovation, and development efficiency.
- Supported pre-production, production, and post-production stages and evaluated candidates for technical positions.
- Earlier role focus included planning, drawing, designing, animating, and coding interactive media using Adobe Animate and ActionScript 3.

IT Specialist and System Administrator | *Elkhalig for Trade and Import*

Jan 2017 - Aug 2017 | Cairo, Egypt

- Installed, configured, secured, and maintained software, hardware, networks, workstations, and web systems.
- Monitored infrastructure performance, handled upgrades, backups, employee accounts, troubleshooting, and end-user support.

IT Specialist | *Future Academy - Higher Future Institute for Specialized Technological Studies*

Feb 2016 - Feb 2017 | Cairo, Egypt

- Provided Tier 1 IT support, workstation setup, software patching, troubleshooting, and technical assistance to non-technical users.
- Maintained system stability and helped resolve hardware/software issues across institutional environments.

Technical Support Representative | *TE Data*

Aug 2016 - Nov 2016 | Cairo, Egypt

- Handled user support requests related to connectivity, hardware, and software issues through calls, chat, and email.
- Guided users through diagnostic and troubleshooting processes and collaborated with teams to resolve technical problems.

SELECTED PROJECTS

Interactive Museum & Exhibition App Built with Unity
Developed a Unity-based interactive museum/exhibition application with touch-screen navigation, 2D/3D maps, multimedia galleries, videos, images, information panels, immersive rooms, multi-language support, JSON/API integration, remote content updates, and cross-platform deployment.

Mobile-Controlled 3D Map Display App
Developed a Unity application that displays a 3D map on a large TV/screen and allows users to control movement, rotation, zoom, and interaction from a mobile device. Suitable for museums, exhibitions, showrooms, events, and presentation screens.

Educational E-Content, Games, and VLE Services
Created interactive activities, phonics content, classroom tools, story-based learning experiences, puzzle/game content, and educational multimedia used in large-scale school deployments.

Push Craft - Unity Puzzle Game Prototype
Designed and developed a top-down puzzle game prototype with box mechanics, bombs, ice, fire, warehouse-style gameplay systems, and level-editor concepts.

Unity UI and Productivity Tools
Built reusable Unity UI systems including 3D Carousel UI, spherical/fancy horizontal scrolling, StreamingAssets/API image loading, object pooling, PDF integration prototypes, snap tools, and text extraction experiments.

EDUCATION

- Master's Degree, Computer Software Engineering - Cairo University | Oct 2023 - Present
- Diploma of Software Engineering, Computer Software Engineering - Cairo University | Oct 2022 - Jun 2023 | Grade: Excellent
- Bachelor of Commerce, Accounting - Ain Shams University | 2010 - 2015

CERTIFICATIONS

- Moodle Administrator - Moodle | Issued Jan 2023 | Credential ID: 3058768739RS
- Foundations of Accessible eLearning - LinkedIn | Issued Jan 2023
- ChatGPT Smart Learning - Hamdan Bin Mohammed Smart University | Issued Feb 2023
- Digital Product Management: Modern Fundamentals - University of Virginia | Issued Feb 2023
- EF SET English Certificate - 72/100, C2 Proficient
- MCSA: Windows Server 2012 - Microsoft | Issued Oct 2015
- MCPS: Microsoft Certified Professional - Microsoft | Issued Oct 2015

LANGUAGES

Arabic - Native or bilingual proficiency | English - Professional working proficiency

ADDITIONAL STRENGTHS

Fast learner, organized, innovative, hardworking, independent, collaborative, and comfortable leading technical choices, solving complex problems, communicating with clients, and supporting full production from concept to final delivery.
